

**T James Electrical are looking to recruit 2 x Apprentice Electricians to join their organisation due to continued expansion and an ever-increasing work load within the business.**

**Established in 1957, T James Electrical are a well-established Electrical contractor based in Kettering, Northamptonshire. The company have managed, designed and carried out work on a wide variety of prestigious projects and undertake commercial and industrial electrical contracts for a variety of leading companies throughout the UK.**

**As an Apprentice Electrician, you will be working under the supervision of various qualified Electricians, who will teach and guide you whilst you're gaining 'on-the-tools' experience of Electrical installations, AC & DC Engineering, Testing and Inspection and much more.**

**All work carried out by T James meets the NICEIC and BS7671 working standards and regulations.**

**What will you be doing?**

- Material preparation, handling of tools and equipment and general cleaning duties
- Assist with and gain skills to install and repair power systems, lighting circuits, cabling, containment, trunking etc
- Assist with, gain skills and knowledge to inspect and test installations

**What should you expect?**

- Indoor and outdoor working
- Working at your own initiative
- Some travel away from home
- Develop good working relationships
- Accurately record information
- Understand wiring and circuit diagrams and technical drawings
- Work to Health and Safety, Quality and Environmental standards
- Great career path

**Requirements:**

- GCSE level education
- Hardworking, motivated candidate
- Good sense of humour
- Willing to learn
- Driving License or Provisional

**Salary and benefits:**

Salary will meet apprentice minimum wage  
28 days holiday inc bank holidays  
40 hours per week (inc 1 paid college day)

As an apprentice, you will be attending a local college, one day a week to complete your City and Guilds Electrical Qualification. This apprenticeship is expected to last up to 4 years.
